

Docker

The screenshot shows a MobaXterm terminal window with a black background and white text. The terminal is running a series of commands to set up a Docker environment and a Git repository. The commands are numbered from 148 to 177. The terminal window has a title bar that reads 'ec2-user@ec2-13-235-99-177.ap-south-1.compute.amazonaws.com'. The MobaXterm interface includes a menu bar (Terminal, Sessions, View, X server, Tools, Games, Settings, Macros, Help) and a toolbar with various icons. The Windows taskbar at the bottom shows the search bar, task view button, and several application icons. A large, light gray 'SAID' watermark is visible diagonally across the image.
